All salaries shall be paid in twelve equal monthly installments except as otherwise herein provided; and all employees may receive board except when otherwise stated.

No property belonging to any of the above institutions shall be sold or disposed of without the consent of the Board of Control; and all proceeds from the sale of any such property, from labor performed, and from the sale of crops and pay patient funds, shall become a special support and maintenance fund to be expended under the direction and approval of the State Board of Control, and a complete statement of all such transactions shall be made in the annual report of said institution.

The appropriations herein provided for are to be construed as the maximum sums to be appropriated to and for the several purposes named herein, and no expenditures shall be made, nor shall any obligations be incurred, which, added to the actual expenditures, will exceed the amount herein appropriated for either of said purposes.

If any work be not done or the place not filled by the appointment of a person, for whom a salary is herein fixed, then such salary shall lapse and be returned to or left in the State Treasury; provided, that no person for whom any salary is herein fixed shall be allowed to draw more than the amount of such salary from any other salary or amount herein fixed, or from any fees authorized to be charged, or from any State fund or

funds under the control of the governing authority of such particular institution; and provided that if any amount herein fixed for any particular purpose be not used for such purpose, in whole, or in part, the unused portion of such fixed amount shall be returned to or left in the State Treasury; provided further that this language shall not be construed to prevent promotions, or the transfer of one employee from the position for which employed, having affixed thereto one salary, to another position having affixed a different salary.

When, under this bill, the family of any superintendent, officer or employee of any of said institutions, are permitted to live at said institution, and furnished with board, fuel, lights, laundry, water, housing, or furnished any of said things, the word "family" shall be construed to mean the immediate family of said superintendent, officer or employee, including himself, wife and minor children only, and when any officer or employee is to be furnished with provisions not to exceed some certain amount stated, it shall be the duty of the storekeeper and accountant to charge said superintendent, officer or employee with each item of provisions as furnished him, showing the price or value thereof, and said storekeeper shall not permit the amount authorized to be exceeded, and shall make a monthly report of same to the Board of Control and said Board of Control shall be charged with the duty of seeing that no account for such provisions exceeds the amount allowed therefor.

And it is further provided that the heads of all said institutions hereinbefore mentioned shall keep a record of the absences of the various employees and the reasons therefor, whether from sickness, vacations, or leave of absence, and that the record of such absences be incorporated in the report made annually by the head of said institution.

Provided, that all new buildings authorized by this Act, costing more than \$10,000.00, and for which appropriations are hereby made, except as otherwise provided, shall be of fireproof construction.

The amounts appropriated in this Act are intended to cover and shall cover the entire cost of the respective items; the same shall not be supplemented from any other source whatever, and no portion of the money appropriated for any particular item shall be used or expended for any other item than that for which such appropriation was made; and no salary for which an appropriation is made herein shall be paid to any person unless such person actually discharges the duties of the position for which such appropriation was made; and no portion of an appropriation for one position shall be paid to any person holding any position other than that for which such appropriation was made; and it is especially provided hereby, that all contracts and undertakings entered into, under and by virtue of the terms hereof, for improvements, enlargements and repairs on buildings and grounds, and for the construction of new buildings and for furnishings and equipment of build-

ings, shall be made strictly within the limits and terms of the appropriations made for such purposes, and it shall be the duty of the Board of Control of the various institutions, in the consideration and adoption of plans, specifications and contracts therefor, not to exceed such appropriations nor to incur any obligations in excess thereof.

SEC. 2. Any superintendent of any of the foregoing institutions named in this bill, for which an appropriation is made herein, or any other person charged with the duty of disbursing the funds appropriated herein, who shall knowingly violate any of the provisions of this Act shall be deemed guilty of official misconduct, which shall be, and the same is hereby made, a ground for the removal of such person from office.

SEC. 3. The fact that the above and foregoing is one of the regular appropriation bills for the support of the State Eleemosynary Institutions for the two fiscal years beginning September 1, 1927, and ending August 31, 1929, creates a necessity for the expediting of the passage of this appropriation bill, and an emergency and an imperative public necessity which demands that the constitutional rule requiring bills to be read on three several days be suspended, and that this bill become effective from and after its passage, and it is so enacted.

Approved June 17, 1927, except items vetoed which are not included in the foregoing.

Effective June 17, 1927.
